PROFESSIONAL SUMMARY

Electronics and Communication Engineering undergraduate at IIIT Sri City with an overall CGPA of 9.05/10 (up to Semester II). Passionate about Embedded Systems, VLSI, Robotics, and Digital Design with hands-on experience in Arduino, Raspberry Pi, ESP32, and Verilog HDL. Eager to apply strong problem-solving skills and practical hardware experience to contribute to real-world engineering projects and continuously expand my technical expertise.

EDUCATION

Indian Institute of Information Technology Sri City

Bachelor of Technology (B.Tech) in Electronics & Communication Engineering

Expected Graduation: May 2029

CGPA: 9.05/10 (Up to Semester II)

PROJECTS

Autonomous Agricultural Rover | Raspberry Pi • Arduino • ESP32

- Designed and developed a semi-autonomous rover for agricultural monitoring using a rocker-bogie mechanism.
- Integrated Raspberry Pi, Arduino, ESP32, ultrasonic sensors, camera module and motor drivers.
- Implemented a web-based control interface with live camera streaming for monitoring and navigation.
- Collaborated with software and AI teams to integrate hardware, embedded software, and system testing.

Advanced 8-bit Arithmetic Logic Unit | Verilog HDL

- Designed a modular 8-bit ALU supporting arithmetic, logical and bitwise operations.
- Verified functionality through simulation using synthesizable Verilog HDL.
- Published the implementation on GitHub ([Advanced 8-bit ALU Repository](#))

Personal Portfolio Website | Next.js • Tailwind CSS • Vercel

- Developed and deployed a responsive portfolio website showcasing projects, skills and achievements.
- Integrated GitHub, LinkedIn and contact information for recruiters.
- Deployed live on Vercel and integrated with GitHub and LinkedIn ([Portfolio Repository](#))

TECHNICAL SKILLS

Programming: C, C++, Python, Verilog HDL

Embedded Platforms: Arduino UNO, ESP32, Raspberry Pi

Tools & Platforms: Git, GitHub, MATLAB, VS Code, Vercel

Domains: Embedded Systems, Robotics, VLSI, IoT

LEADERSHIP & ACTIVITIES

- Connexion Club, IIIT Sri City – Public Relations & Design Member
- VALIARA Finance Club – Analyst (Economics & Equity Research)
- Participated in Ideathon'26, collaborating on innovative engineering solutions and presenting ideas in a team environment.

CERTIFICATIONS

- Python Programming
- MATLAB Onramp
- VLSI System on Chip Design – Overview
- AWS Certified Alexa Skill Builder – Specialty
- Getting Started with Cybersecurity

ACHIEVEMENTS

- Qualified JEE Advanced 2025
- Secured 99.4% in Intermediate (994/1000)
- Scored 587/600 (97.8%) in SSC
- Actively contributing to Embedded Systems and VLSI learning through hands-on projects and HDL practice.
